Issue: 2023 SUS Accountability Plan

Proposed action: Approval of the 2023 USF Accountability Plan

Executive Summary:

As a part of the Board of Governors planning and accountability framework for the State University System (SUS), institutions are required to complete an Annual Accountability Plan that provides an institutional overview as measured by specific performance metrics within the context of BOG System Strategic Plan, and regional and statewide needs.

The SUS Accountability Plan contains the following: Key initiatives and achievements; Narrative sections outlining progress on indicators related to the BOG Strategic Plan and aligned with the institution-level strategic priorities; and detailed institution-level data.

Financial Impact:

The data reported in the SUS Accountability Plans serve as a core set of metrics being utilized by the BOG to reward excellence or improvement (e.g., Performance Based Funding, Preeminence), thus the role of the Board of Trustees in reviewing and approving the University of South Florida Accountability Plan, as well as ensuring the plan is aligned with its strategic direction, has a direct impact on the amount of funding that could be allocated to the university.
