

# RISK MANAGEMENT AND INSURANCE

UNIVERSITY of  
**SOUTH FLORIDA**

**Muma College of Business**

The Baldwin Group School of  
Risk Management and Insurance

**The Baldwin Group School of Risk Management and Insurance  
at the University of South Florida is your first step toward a very rewarding career.**

**Why Risk Management and Insurance?** Risk management and insurance (RMI) offers exciting careers known for stability, growth, and diverse opportunities to explore exciting roles within an industry that is ever-changing and evolving. Simply stated, when you work in the RMI industry, you are helping people and businesses protect their assets, prevent loss, and be a key player in their recovery post-accident or loss. You are positioned to support people in their greatest time of need.

**It's Tech-Centric Business:** Technology is integral to RMI operations. When you work in this industry, you are working with cutting-edge disruptive technologies using telematics, artificial intelligence, machine learning, and risk modeling. You are managing emerging risks related to modern technology such as driverless vehicles, wearables, Internet of Things (IoT), drones, and digital assets such as cryptocurrency.

**The Baldwin Group School of Risk Management and Insurance Program** is one of only two RMI programs offered by public universities in the state of Florida. When students graduate from this program, they are equipped with tools to be effective in risk management and insurance decision-making. The industry has multiple career pathways that are interesting and rewarding, ready to challenge students in their ongoing development as professionals.

**As a risk management and insurance professional, you will:**

Negotiate	Manage
Evaluate	Initiate
Analyze	Execute
Advise	Solve problems
Research	Consult
Collaborate	Strategize
Persuade	Coordinate
Recommend	Think critically
Calculate	Plan
Partner	Empathize

**Ensure Your Future:** Think of RMI as not just getting a degree, but rather ensuring a successful future and rewarding career with quick upward mobility. With hundreds of thousands of employees retiring from the insurance industry workforce within the next few years, there is optimal job placement post-graduation.

**Industry and Student Support:** At USF, The Baldwin Group School of Risk Management and Insurance is supported by local, regional, and national industry partners eager to deepen the learning experience with **internships** and **mentoring**. Gamma Iota Sigma, a nationally known organization supporting students in RMI, is active and thriving at USF, creating additional value for students exploring careers in RMI.

When studying and working in RMI, you'll leverage your **curious mindset**, serve as a trusted **business thought-leader**, and **grow professionally** in a customer-focused environment.

**Choose a challenging and prosperous career that allows you to make a difference in your community. Help prevent a crisis. But if one happens, manage it with knowledge and leadership. Be a pillar in your community—first in disaster response helping to put people's lives back together. Choose Risk Management and Insurance.**

|| Insurance plays a critical role in our society, economy, and everyday life—it enables investment, innovation, and growth within businesses, provides peace of mind, financial security, and support for individuals and families in their time of need. It's a 'people' business offering career stability, longevity, and lasting relationships. This program equips students to be the future leaders within the industry. We're thrilled to partner with USF to continue to transform and evolve the industry."
