## SECTION II: SPECIAL REMARKS

---

### TREATMENT OF FRINGE BENEFITS:

For the fiscal year ending June 30, 2023 Worker's Compensation, Unemployment Insurance, and Terminal Leave Pay are charged using the effective rates listed in the Fringe Benefits Section of this Agreement. Other employee benefits, such as FICA, Retirement, Health Insurance, and Life Insurance are charged based on actual incurred costs.

Effective July 1, 2023, all fringe benefits are charged using the rates listed in the Fringe Benefits Section of this Agreement. Retroactive payroll transfers will include the rates in effect at the time of transfer. The fringe benefits include: FICA, Worker's Compensation, Unemployment Insurance, Life Insurance, Health Insurance, Retirement, and Terminal Leave Pay.

### TREATMENT OF PAID ABSENCES:

Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages. Separate claims are not made for the cost of these paid absences, except for terminal leave pay which is included in the benefits rate and is paid out after separation of employment.

OFF-CAMPUS DEFINITION: The off-campus rate will apply for all activities: a) Performed in facilities not owned by the institution and where these facility costs are not included in the F&A pools; or b) Where rent is directly allocated/charged to the project(s). Actual costs will be apportioned between on-campus and off-campus components. Each portion will bear the appropriate rate.

The rates contained in this Agreement reflect the combined cost of the University of South Florida and the University of South Florida Research Foundation, Inc., and will apply to grants and contracts awarded to the Foundation.

\*\* The Rate Agreement updated the Fringe Benefits Rates Section and Treatment of Fringe Benefits remarks above. All other terms and conditions from the preceding agreement remain unchanged.\*\*

The next fringe benefit proposal based on actual results of fiscal year ending 06/30/2023 is due in our office 12/31/2023. The next indirect cost proposal based on actual results of fiscal year ending 06/30/2024 is due in our office 12/31/2024.

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds \$5,000.

### SECTION III: GENERAL

---

A. LIMITATIONS:

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted: such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.
