USF's Commitment to *Your* SAFETY

ALERT USF Tampa: Tornado warning in effect for area. Seek shelter immediately and monitor the weather. Remain indoors. www.usf.edu

The safety of students, faculty, and staff is a top priority at the University of South Florida. In the event of an emergency, USF activates its Emergency Notification System (ENS) which includes cell phone messages via MoBull Messenger, the USF Website, desktop alerts, emergency sirens, and digital display boards located throughout campus.

Free, voluntary emergency services that require students, faculty, and staff to "opt in":

MoBull Messenger

MoBull Messenger is part of USF's Emergency Notification System, but it requires individuals to "opt in" for this important service. The service is free; however, standard text messaging rates may apply. Check with your carrier for details on your plan. **The University strongly recommends all faculty, staff, and students sign up for this critical emergency service.**

EyeWitness

EyeWitness is a tool that gives students, faculty, and staff an easy and confidential way to report criminal activity to help keep USF safe! Registered MoBull Messenger users can send anonymous crime tips and reports to the University Police via text messaging.

Once you've signed up for MoBull Messenger at **mobull.usf.edu**, **USF offers to additional free, voluntary "opt in" emergency services:**

Guardian

Guardian works like a "pocket blue phone" by turning a cell phone into a mobile safety device. Subscribers can activate a "precautionary timer" as they travel from one area of the campus to another. The timer is set as the individual leaves a location and will alert the University Police if that person does not call to cancel the timer in a specified amount of time.

Smart911

Smart911 provides emergency responders with critical personal data about a subscriber. Having this information available to emergency responders can improve outcomes of emergency calls. This service is only available for USF Tampa and can only be used while on campus.

USF UNIVERSITY OF SOUTH FLORIDA
MyUSF Mobile

The MyUSF Mobile app for iPhones and Androids gives you access to the latest information about USF wherever you are. Access the Campus Map, Directory, BullTracker™, Campus Safety Information, and so much more! **To download, visit the app store for your mobile device.**

For more information about these and other personal safety services, visit the Emergency Safety Management website <**usf.edu/Adminsvc/public safety**>.
