Canvas App: Announcements and Discussions (iPad)
View Announcements

You can view any course’s announcement using the Canvas app. Please note that the Canvas app course navigation matches the browser version of your Canvas course. So if the instructor has Announcements disabled, students will not see it on their Canvas app.

To view your course announcement:
- Log in, and then select the course.
- Select Announcements.
- To view the announcement, tap the announcement you want to read.

![Figure 1: Course Announcements](image)

- View the course announcement (1).
- Back to course navigation (2).
- If enabled by the professor, students can reply (3).
Figure 2: Selected Announcement
View Discussions

The Canvas app helps you keep track of all course discussions. Please note that the Canvas app course navigation matches the browser version of your Canvas course. So if the instructor has Discussions disable, students will not see it on their Canvas app.

To view your course Discussions:

- Log in, and then select the course.
- Select Discussions.
- The most recent discussion will appear at the top.
- Replies to the discussion stay within the discussion.
- A number indicator displays the number of unread replies within each discussion.
- To view the discussion thread, tap the name of the thread.

![Course Discussions](image)

- Threaded discussions allow multiple replies within replies.
- (1) Number of replies within a reply (gray).
- (2) Number of unread replies (blue).
- To reply tap the arrow icon.

Figure 3: Course Discussions
To expand a threaded discussion, tap the heading of the threaded reply.

View the replies in the threaded discussion
