Install Battery Pack

Welcome to Flip UltraHD™
1. Slide battery latch to unlock.
2. Slide front panel down.
3. Position rechargeable Lithium-ion battery pack with + and − at the right side and Flip Video™ logo facing up.

Note: The battery pack is shipped partially charged. For best results, fully charge (up to 3 hours) before use. Simply follow steps in the Recharge Battery Pack section.

Using AAA Lithium Batteries
If you need a backup power source for your UltraHD, three AAA lithium batteries will provide power for a limited period of time.

Note: Alkaline batteries do not provide sufficient power for reasonable video camera usage and are not recommended.
Get Started

1 Press power button to turn on. Video camera setup appears automatically the first time you power on.

Set Language
- Use + and - to select your language.

Set Date
- Use + and - to adjust current setting.
- Use < and > to select month/day/year.

Set Time
- Use + and - to adjust current setting.
- Use < and > to select hour/minute/AM/PM.

Set Tones
- Use < and > to turn the tones on and off.

Set Recording Light
- Use < and > to turn the recording light on and off.

To Return to Video Camera Setup Later
Starting with the video camera OFF:
1 Press power button to turn on.
2 When UltraHD logo appears, press and hold record button until SET LANGUAGE appears.
Record and Play

Record Videos
1 Press ● to start/stop recording.
2 Press and hold + and – to zoom in/out during recording.

Play Videos
1 Press ► to play/pause.
2 Press and hold + and – to increase/decrease volume.
3 Press < and > to view previous/next video.
Note: Press and hold < and > during playback to rewind/fast-forward.

Delete Videos
1 Press button. Select YES to confirm.
Note: Delete button is locked the first time you power on. To unlock, press and hold delete button.
Connect to Computer

1 Slide USB latch down. USB arm flips up automatically.
2 Plug USB arm into USB port on computer.
3 The battery pack will begin recharging and you can install pre-loaded FlipShare™ software on your computer.

Recharge Battery Pack

1 Slide USB latch down. USB arm flips up automatically.
2 Plug USB arm into USB port on computer.
3 Screen will display charging status.
   - ⚡ displays to indicate charging in process.
   - ⚡ fully displays to indicate a fully-charged battery.
   - Fully recharging the battery pack takes up to 3 hours.
   - Disconnect your video camera from the computer after charging to help preserve the battery pack’s lifespan and performance.

Note: Your computer must be powered on for your video camera to charge.
Organize, Create and Share

Pre-loaded FlipShare software makes editing and sharing your videos easy.

**FlipShare Features**
- Save videos to your computer.
- Organize your videos.
- Capture snapshots from your videos.
- Create custom movies and greeting cards.
- Share videos by uploading directly to: [Facebook](#), [Twitter](#), [YouTube](#)

**FlipShare Installation Instructions**
Just plug in your video camera and follow these simple steps.

**Windows XP**
- Select VIEW YOUR FLIP VIDEOS. Click OK.

**Vista/Windows 7**
- Select OPEN FOLDER to view files. Open SETUP_FLIPSHARE.

**Mac**
- Open FLIPVIDEO drive. Select START FLIPSHARE.

Visit the FlipShare software HELP section for detailed instructions on all features.
